## **WELCOME TO HOCKEY FUNDAMENTALS SPRING 2024**

Dear Parents and Skaters,

The Thunder Bay Skating Academy is excited to welcome all of our new and returning members to our **HOCKEY FUNDAMENTALS** Program. We are proud to offer you this program taught by PowerSkate coaches trained under Skate Canada's PowerSkate Program. We are excited to spend the next 6 weeks (Saturdays - April 20; May 11, 18, 25; June 1, 8) with you for what we expect to be a very exciting and eventful season.

### **What can you expect from a typical session?**

- 1) On your first day of skating please enter the Port Arthur Arena and make your way to the right hand side of the arena. There you will find the changerooms to get your skater ready to go with skates & helmets on.
- 2) On-ice delivery: once skaters enter the ice surface, we will begin with a 6 minute warm up, we will then work through the specific circuits & skills for that week.
- 3) The sessions will focus on continuous movement emphasizing the use of newer and more dynamic group teaching concepts. If you were in our CanSkate program last season, this is a continuation of what your skaters did last year, focusing more on developing strong edges, increased power and agility to further develop the skaters interested in pursuing hockey.

### **What do I need to bring?**

When preparing for the first session, it is a good idea to wear some warm pants and a jacket on the ice along with hockey gloves OR if desired skaters may wear their full hockey equipment. **Use of sticks is strongly encouraged, but not mandatory.**

Please be aware that we do require that all skaters have on a **CSA approved hockey helmet**. Helmet Policy: As per our governing body "Skate Canada" all skaters must wear a CSA approved hockey helmet at all times while on the ice surface.

### **Schedule**

We have attached a complete ice schedule for your skater's session. These will also be posted on our website if you misplace this initial copy. This schedule will include any dates where the ice was not available, time changes and all other necessary information.

### **Where Can I Get More Information?**
